Ladies and Gentlemen,

It is my great honor to welcome you to the 56th "Man of the Year" gala honoring Mr. Pawel Gruchacz. The Pulaski Association of Business and Professional Men was founded in 1959 and it is now the oldest and the most prestigious Polish business organization in the United States. Since the beginning the organizations goals were to promote good and welfare of all Polish-Americans, provide mutual benefit to members and support community affairs. As the organization grew, businessmen became friends and with time friends became a family. The virtues we all cherish involve respect, acting in a ethical way in all ways of life, duty to help others and the community, dedication to our families and friends, discipline and due diligence in our business affairs. We can always count on each other in the time of need. These same virtues reflect profoundly in this years Man of the Year Mr. Pawel Gruchacz and we are proud to induct him to a distinguished lodge of honorees who received this recognition in the past.

Pawel is a true leader and he fights for his brothers and sisters at the local union as if they were his family. He treats people with respect and the highest ethical standards and he always listens. His co-workers know that they can come to him with any problem and that Pawel will be there to help them solve their issues no matter how small or big they are. He understands the struggle men go through in their daily lives as his path to success was paved with hardship and obstacles. From being an immigrant with \$5 in his pocket, working 17 hour a day to survive and make his ends meet, to being a dedicated asbestos worker and a leader who had to go through horrors of 9-11. Pawel has endured every step of the ladder on his journey to becoming a Local 78 leader. That is one of the reasons he understands his union brothers and sisters and knows how to serve them well and that is also why he is well respected within the community. Being so dedicated to the cause carries a responsibility not only to the people he serves but also to his family. A regular job usually goes on from 9 to 5 pm, an activist starts working after 5 pm and their jobs extend to weekends, sometimes they go for weeks without seeing a day off from work. This can take a toll on family life but Pawel somehow was able to balance those two great responsibilities and with the help of his wonderful wife Bozena he managed to have two beautiful kids and is now a proud grandfather and an dedicated family man.

He is also a proud Polish-American. He grew up in the dark years of communist Poland and he knows first hand the struggle that the Polish nation had to go through. As a young man living in those times his spirit never wavered in the face of evil. With the little capabilities that he had at the time, he fought against the totalitarian regime by discovering and revealing secret police agents in his seminary and doing any thing he could to make Poland free again. His service to the Polish community never stopped as he continues to be active in St. Stanislaus Kostka church in Staten Island, Pulaski Parade and he supports many other organizations and initiatives.

We are proud to welcome Mr. Pawel Gruchacz to our Pulaski Association of Business and Professional Men family not only as our Man of the Year but also as a member. We believe that this great man still has many extraordinary things to accomplish in his life and we will support him at every step of the way.

I want to thank all of our patrons for supporting us through the years and thank you for including your congratulations page in our Man of The Year journal. A Page in our journal is a page in a history of Pulaski Association of Business and Professional Men.

I also want to thank our banquet committee who worked extremely hard to make this evening a grand success. Mr. Krzysztof Kwapisiewicz the Chairman of the Committee, Mr. Bogdan Bachorowski, Mr. Romuald Magda, Mr. Ryszard Mazur, Mr. Artur Dybanowski, Mr. Darek Knapik, Mr. Krzysztof Baran, Mr. Piotr and Pawel Pachacz Mr. Oskar Orent and Mr. Bogdan Malinowski.

Thank You Gentlemen. I wish everyone a wonderful and memorable evening, thank you for being with us tonight.

Gregory Fryc

President of Pulaski Association of Business and Professional Men, Inc.

Pawel Gruchacz

PAWEL GRUCHACZ

Like millions of immigrants before him, Pawel Gruchacz's story is one of hope, faith, hard work and success. Since coming to United States, from his native Poland, in 1993, Pawel's life is the classic American success story. Immediately after arriving and settling down in New York City, Pawel found work in what at that time was considered “unskilled”, and unsafe labor as an asbestos handler. The work was hard and dangerous and the industry at the time lacked the basis safety standards required to protect the workers. The industry was entirely non-union, the pay substandard, the benefits non-existent.

But that all changed in early 1996 when the Laborers' International Union of North America launched a major organizing campaign in the asbestos industry. The union quickly saw the potential that Pawel possessed as a future labor leader and made him one of the first shop stewards of the newly chartered Asbestos, Lead and Hazardous Waste Laborers' Local 78. That position was the first step in a professional career that would lead Pawel to the position he holds today, business manager of Local 78. Along the way he has served as an organizer for both the Local, as well as the lead organizer for the successful campaigns waged by the Laborers Eastern Region Organizing Fund in New Jersey, New York and Delaware.

From 2006 through 2018 Pawel served as secretary-treasurer of Local 78, where he was responsible for overseeing the finances of the multi-million-dollar local union. In 2019 when Local 78's incumbent business manager was removed from office, the International Union again turned to Pawel, appointing him deputy supervisor, in charge of running the day-to-day operations of the Local. Once again Pawel rose to the challenge, leading the Local back to stability and strength. In June 2021, his commitment to the diverse membership, coupled with his hard work and honesty was acknowledged and rewarded when Pawel and the Unity Slate he led, were overwhelmingly elected to a full term in office. Pawel considers it his sacred duty to work to improve the lives of the members he represents, ensuring that they are treated with respect and dignity on the job and in their communities.

Pawel's commitment to the members of his Local is only surpassed by his commitment to his family and the community in which they live. He is an active member of his church, St. Stanislaw Kostka Church. Pawel and his family live on Staten Island, where you can find him on most weekends cheering on his grandson's hockey games.

Dear Friends,

I am writing to extend a warm welcome to everyone attending the 2023 Pulaski Association of Business and Professional Men Inc.'s Man of the Year Gala.

Since 1960 the Pulaski Association of Business and Professional Men has done an excellent job of honoring individuals who have lived the American dream while maintaining their Polish heritage.

Coming to the United States in 1993 Pawel Gruchacz worked hard daily in the asbestos removal industry. His work would lead him to become one of the first shop stewards when the Laborers' International Union of North America launched a campaign in the asbestos industry in 1996. His work ethic, tenacity and financial knowhow has led to a life of service for his fellow union members serving in the highest ranks of office since he began many years ago. His commitment is not only to his union members but is also seen in his love and devotion to his family and his faith which is his guiding light.

I sincerely congratulate my fellow Staten Islander, Pawel Gruchacz on his receiving the 2023 Pulaski Association of Business and Professional Men Inc.'s Man of the Year and wish you all the best in the years to come.

Congratulations must also go to all of those who made this year's event possible.

Respectfully yours,
